PROFILE HIGHLIGHTS

- 20+ years of experience in Business & Operations.
- 200%+ revenue growth achievement.
- Scaled organization from 3 to 50+ employees.
- 9 years of consecutive profitability.

PROFESSIONAL SUMMARY

Senior Business Development & Commercial Manager with 20+ years of experience in business development, sales leadership, operations management, and project execution across security systems, trading, procurement, and international development sectors.

Over the course of my career, I built and scaled a business from 3 to over 50 employees, grew revenue by more than 200%, and maintained profitability for 9 consecutive years — not by luck, but through consistent planning, strong client relationships, and hands-on operational leadership.

I've managed full B2B sales cycles, led technical and commercial teams, and worked across both private sector and international development environments, including projects with the World Bank and IFAD.

Today, I combine that commercial foundation with modern tools — Power BI, CRM systems, Microsoft Fabric, and AI-based solutions — to make faster, better-informed business decisions.

KEY ACHIEVEMENTS

- Scaled a multi-division business from 3 to 50+ employees.
- Achieved 200%+ revenue growth with 9 consecutive years of profitability.
- Led business expansion, operational growth, and regional market development.
- Contributed to successful development projects with World Bank & IFAD.
- Developed B2B pipelines and key accounts driving sustained business growth.
- Integrated Power BI, CRM systems, and AI tools into business operations.

PROFESSIONAL EXPERIENCE

Sales Manager

Egyptian Company for Security Systems

Sharqia | Egypt | Dec 2021 – Present

- Lead sales operations in the security systems sector, driving B2B growth and key account acquisition.
- Manage full sales cycle: opportunity identification, negotiation, proposals, pricing, and contract closure.
- Expand market presence across multiple regions and governorates.
- Conduct forecasting, planning, and performance monitoring.
- Deliver technical training for clients and internal teams.
- Strengthen long-term relationships with key clients and institutional accounts.
- Improved sales processes and operational reporting in coordination with management.

Founder & General Manager

Egyptian Co. for Trade & Contract

New Cairo, Egypt | Oct 2011 – Sep 2020

- Founded and managed a multi-division company specializing in security systems, trading activities, and real estate marketing.
- Expanded the organization from 3 employees to more than 50 employees across technical, operational, sales, and administrative departments.
- Achieved revenue growth exceeding 200% while maintaining continuous profitability for 9 years.
- Led business development, procurement, financial oversight, operations management, and sales strategy execution.
- Managed branch expansion, regional growth activities, and organizational development.
- Oversaw installation, programming, maintenance, and operational support for security systems.
- Designed and improved internal sales processes, reporting structures, and CRM workflows.
- Built strong relationships with government organizations, suppliers, contractors, and private sector clients.
- Supervised technical and sales teams and delivered operational and product training.

Sales Supervisor

Tanko Egypt (Water Tanks & Filters)

Cairo, Egypt | Aug 2008 – Sep 2011

- Supervised sales and telesales teams to achieve commercial targets and improve conversion rates.
- Managed CRM optimization and sales workflow improvement initiatives.

- Achieved 120% of sales targets while successfully expanding into new markets and establishing a network of agents across 6 governorates.
- Conducted sales training and product knowledge sessions for team members.
- Prepared commercial presentations, exhibition materials, and sales proposals.
- Coordinated vendor registration with government entities and corporate clients.
- Supported logistics coordination, order fulfillment, and operational reporting.

Project & Community Development Specialist

Agricultural Services Project – EDASP (World Bank, IFAD, Egyptian Government)

Port Said | Egypt | Oct 2003 – Dec 2007

- Participated in national development projects funded by the World Bank and IFAD.
- Supported the establishment of Water User Associations (WUAs) and community governance systems.
- Managed stakeholder engagement activities with farmers, local authorities, and donor representatives.
- Participated in procurement committees and prepared executive reports and presentations.
- Coordinated field operations, donor visits, and community development activities.
- Led capacity-building initiatives and supported small income-generating projects.
- Contributed to gender inclusion and rural development programs.
- Exceeded 6-month growth targets by 170%, successfully establishing five user boards of directors and transitioning the project from preparation to full execution phase.

Administrative Social Worker

Ministry of Water Resources and Irrigation

Zagazig, Egypt | Sep 2002 – Aug 2003

- Coordinated communication between ministry departments and local communities.
- Supported conflict resolution and operational coordination within Water User Associations.
- Prepared field reports and administrative documentation.
- Participated in coordination meetings and community support activities.

Financial & Admin Affairs Officer

Water Boards Project - WBP (Dutch & Egyptian Government)

Zagazig, Egypt | Apr 2001 – Aug 2002

- Managed financial and administrative operations for development projects.
- Coordinated logistics, field schedules, documentation flow, and operational reporting.
- Supported procurement activities and expense tracking.
- Assisted with donor visits, conferences, and official meetings.
- Ensured compliance with administrative and reporting requirements.
